

HP Enterprise Security

Fortify Solutions ATP Security Training

Fortify Security Solutions ATP training consists of two days of intensive training in application security and developing and testing software solutions utilizing HP Fortify Products. The student will learn about the threats to applications and the architecture and operation of the HP Fortify solution. Through lectures and hand-on activities the student will learn to implement HP Fortify Static Code Analyzer, HP Fortify Software Security Center, HP WebInspect and HP Fortify Runtime.

Audience

Software Developers, Product Managers, Development Managers, Q/A Managers, Q/A Analysts, and Application Security Analysts.

<http://www.hpenterprisesecurity.com/university>

Course Objectives

Upon completion of this course, students will be able to define and describe the HP Fortify Solution including:

- Application Security (OWASP Top Ten)
- HP Fortify SCA
- HP Web Inspect
- HP Fortify Runtime

Detailed course outline

Topics Covered

Fortify Solutions Overview

- Common Software Development Methodologies
- Implementation of Fortify Products
- Architecture of the Fortify Solutions

Software Security Threat Agents

- Insider Threats
- Outsider Threats
- Gang or Illegal Actor Threats
- Corporate Espionage

What is WebInspect?

- Problems solved by WebInspect
- Benefits of using WebInspect

Software Security Threats

- Threats to Applications
- Loss/Damage from specific threats

What is Fortify SCA?

- The ways users interact with and use SCA
- Benefits of using SCA

What is Fortify SSC?

- Problems solved by SSC
- Benefits of using SSC

What is Fortify Runtime?

- Problems solved by Fortify Runtime
- The benefits of using Fortify Runtime

Why education services from HP?

- Comprehensive curriculum of job-specific training leading to vendor certification
- Unmatched technical expertise and support for HP products and technologies
- Award winning Virtual classrooms (SmallBiz Windows Collaboration Product of the Year 2010) and Virtual Labs for a real hands-on experience
- Training you need, when and where you need it with our Remotely Assisted Instructional Learning (RAIL)
- Top 20 training provider and content development - www.TrainingIndustry.com
- Streamlined purchase and management of training with HP Care Pack Services for Education
- Global training with more than 90 training locations world-wide
- Recognized as an IDC MarketScape leader for IT education (IDC MarketScape: Worldwide IT Education and Training 2012 Vendor Analysis, doc #232870, February 2012)
- More than 30 years of Education Consulting
